### **Annual Update**

Effective the first Thursday in September (this year the date is September 4), the SSS website undergoes an annual update. This includes the following:

- Revising the dates of the available student cohorts (freshmen through seniors and one year out of high school, 2008 through 2011)
- Pricing update (see below)
- Purging any orders (not submitted) that reflect a “N”ew or “C”omplete status
- Stopping all ALL Students standing orders regardless whether the maximum volume has been met
- Updating the Search year reflected on the My Orders page to display “2009” for the new academic year (2008-2009)
- Address other issues brought to our attention by SSS users

### **New Pricing**

Effective September 4, 2008, SSS user fees will be \$0.32 per name—no matter which or how many search criteria you include. Remember there is no longer an order form fee. Email addresses, Internet Delivery Service (IDS) and unlimited list usage are automatically included.

### **Search by Map for States**

Additional functionality has been added to the US States & Territories sub-section within Geographic Origin. You now have the capability to select individual states by highlighting them with your mouse on a map of the United States. This feature is only available for the 50 states and the District of Columbia.
